Ticket on Tuesday, November 2, 1909.

And you will never regret it. What some of the leading business men of Lincoln and Boyle counties say of our countyman, W. L. McCARTY, the democratic nominee for sheriff:

We have known Mr. W. L. McCarty, the nominee of the Democratic party for Sheriff of Lincoln county, as a citizen and customer of the First National Bank of Stanford, for a number of years and we believe him well qualified in every way to discharge the duties of that important office to the entire satisfaction of the people of our county. We think him worthy of your consideration.

Very truly,

Mr. W. L. McCarty, the present nominee of the democratic party for Sheriff of Lincoln county, has done business with us for years and knowing him as we do, we can commend him to all the good people of Lincoln county.

W. M. BRIGHT, Cashier, and S. H. SHANKS, President Lincoln County National Bank.

Mr. W. L. McCarty, Stanford, Ky.

Dear Mr. Mack: For 20 years that you did business with the Farmers National Bank, of this place, there was no one of our customers who was more correct in keeping himself better informed as to condition of his balance and who was more satisfactory in all your dealings. We have often written city merchants that any statement you would make was entitled to full credence, that we had always found you upright and reliable, and had no hesitation in accommodating for what you needed, that you had always met every obligation as agreed and that we held you in high esteem.

Very respectfully yours,

G. W. WELSH, Cashier.

Its A Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the king of Throat and lung remedies. Every atom is a health force. It kills germs and colds and lagrippe vanishes. It heals cough-racked membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. Moore, Black Jack, N. C., writes "It cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1. Trial bottle free. Guaranteed by Penny's Drug Store.

The old saying that lightning never strikes twice in the same place is without foundation at least in some instances, says a Glasgow dispatch. A year ago lightning struck a tree on the farm of Squire Petty over in Warren county, and killed a fine horse. A little later in the same year lightning again struck the same tree and killed 30 fine turkeys valued at \$1.50 each. Last week lightning again struck this ill-fated tree and killed two horses worth \$200. It goes without saying that this tree will be cut down and converted into wood before it has another chance to act as a conductor for lightning.

The Bed-Rock of Success.

Lies in a keen, clear brain, backed by indomitable will and resistless energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harmon, Lizzemore, W. Va., writes: "They are the best pills I ever used." 25c at Penny's Drug Store.

Wagge—I have found something besides a candle that will answer that old riddle, "the longer it stands the shorter it grows."

Wagge—What is it? Wagge—A candidate. The longer he stands for office the shorter he grows financially.

IKE TERRY.

The above is a good likeness of the republican nominee for jailer of Lincoln county. Mr. Terry is 52 years of age and was born and reared in Lincoln county. He has been in the farming and timber business in this county for many years, and by his straightforward dealing has made many friends, who, regardless of politics, wish him well in his present race. He is well qualified by nature and training for the important position for which he is now a candidate, and if elected he will fill the office with credit to himself and satisfaction to the voters and taxpayers.

It is the weak nerves that are crying out for help. Then help them, don't drug the stomach or stimulate the Heart or Kidneys. That is wrong.
